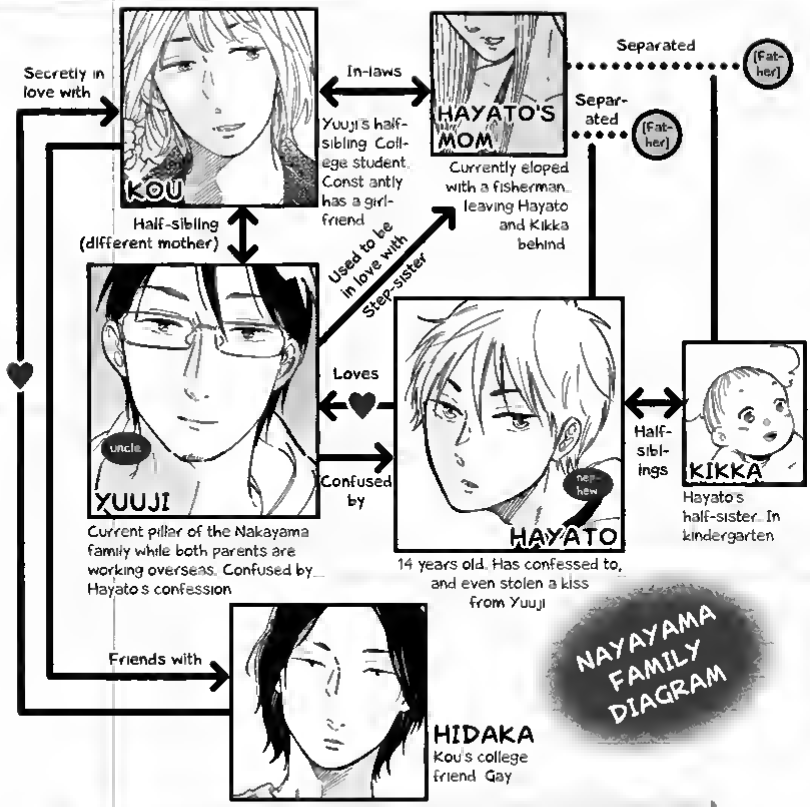
BEFORE READING THIS MANGA...



STORY

The Nakayama family's circumstances are a bit complicated. Two uncles and their niece and nephew live together as a family of four. It's an unusual situation, but they lived together in peace... until recently, when things started to get a little weird.

That was because the nephew, Hayato, confessed his love to his uncle, Yuuji.

His unrelenting love is unstoppable. Hayato has reached the time in his life when he's neither a child not an adult, just as his growing feelings are reaching their breaking point.

Then, Hayato went from thirteen years old to fourteen. Seasons pass as he inches closer towards adulthood.
